# EGYPTIAN CARTOUCHE CARDS - *A Manual For Beginners*

The primary purpose of this *free* beginners manual is to encourage seekers of Truth and probers to explore a metaphysical divination practice. Since a precognitive dream in 1973 fully manifesting the following year I have been on one continuous journey of spiritual exploration. Development and design for this manual is drawn from 35 years of conscious spirituality practices, usage of “The Way of The Cartouche by Murry Hope, 1985, Internet sources, consultations, study, research and group work activities. The design has taken into consideration that the contents may be a first step for someone completely new to these disciplines. Wishing you well with your conscious spirituality journey through this beginners manual.

## INTRODUCTION

*The development and compilation of, this “Egyptian Cartouche Cards—A Manual For Beginners,” acknowledges the literary, spiritual and divination authorship of “The Way of Cartouche” by Murry Hope, published 1985. My deepest gratitude is unreservedly given to Murry’s original work, and her invaluable contributions. In addition, various complimentary Internet sources.*

“The Way of the Cartouche,” [cartouche is a French word for oblong] when first released resulted in 3,000 decks being sold. Later, Murry Hope, joined with Jed Collard to create Ostraris Publications, thereby promoting this book, and accompanying, Egyptian Cartouche Cards internationally. Murry now continues her spiritual quest and journey in the etheric-spirit worlds. We wish her spirit journey well. For those of us who have followed similar pathways (or are intending to develop one), we remain eternally grateful for her spiritual divination contribution.

— Philip Crouch, Tasmania 2020

## Historical Background

“The original cartouche card deck comprises twenty five cards, each having a number and descriptive image. Cards which portray a god, goddess or element have in addition a set of hieroglyphics which describe that image and encapsulate its power. The image on each card may have a fixed or mobile nature. For example, Nephthys, cartouche # 7, is a goddess. She is represented by an image of a cup or container and the ka hieroglyphic (representing the personal life force) appears in the top right hand corner.

Cartouche card meanings correspond with those of the Major Arcanum found in conventional Tarot packs which contain 22 major Arcana, and, 56 minor ones. For example, cartouche card Buckle of Isis, #25, is the equivalent in the Tarot of The Empress. Rune stones also correspond with Cartouche cards. Normally, there are **twenty five Runes.**

—Murry Hope, *The Way of the Cartouche*, 1985,

“The Way of the Cartouche—Egyptian Divination Cards - Murry Hope, 1985.

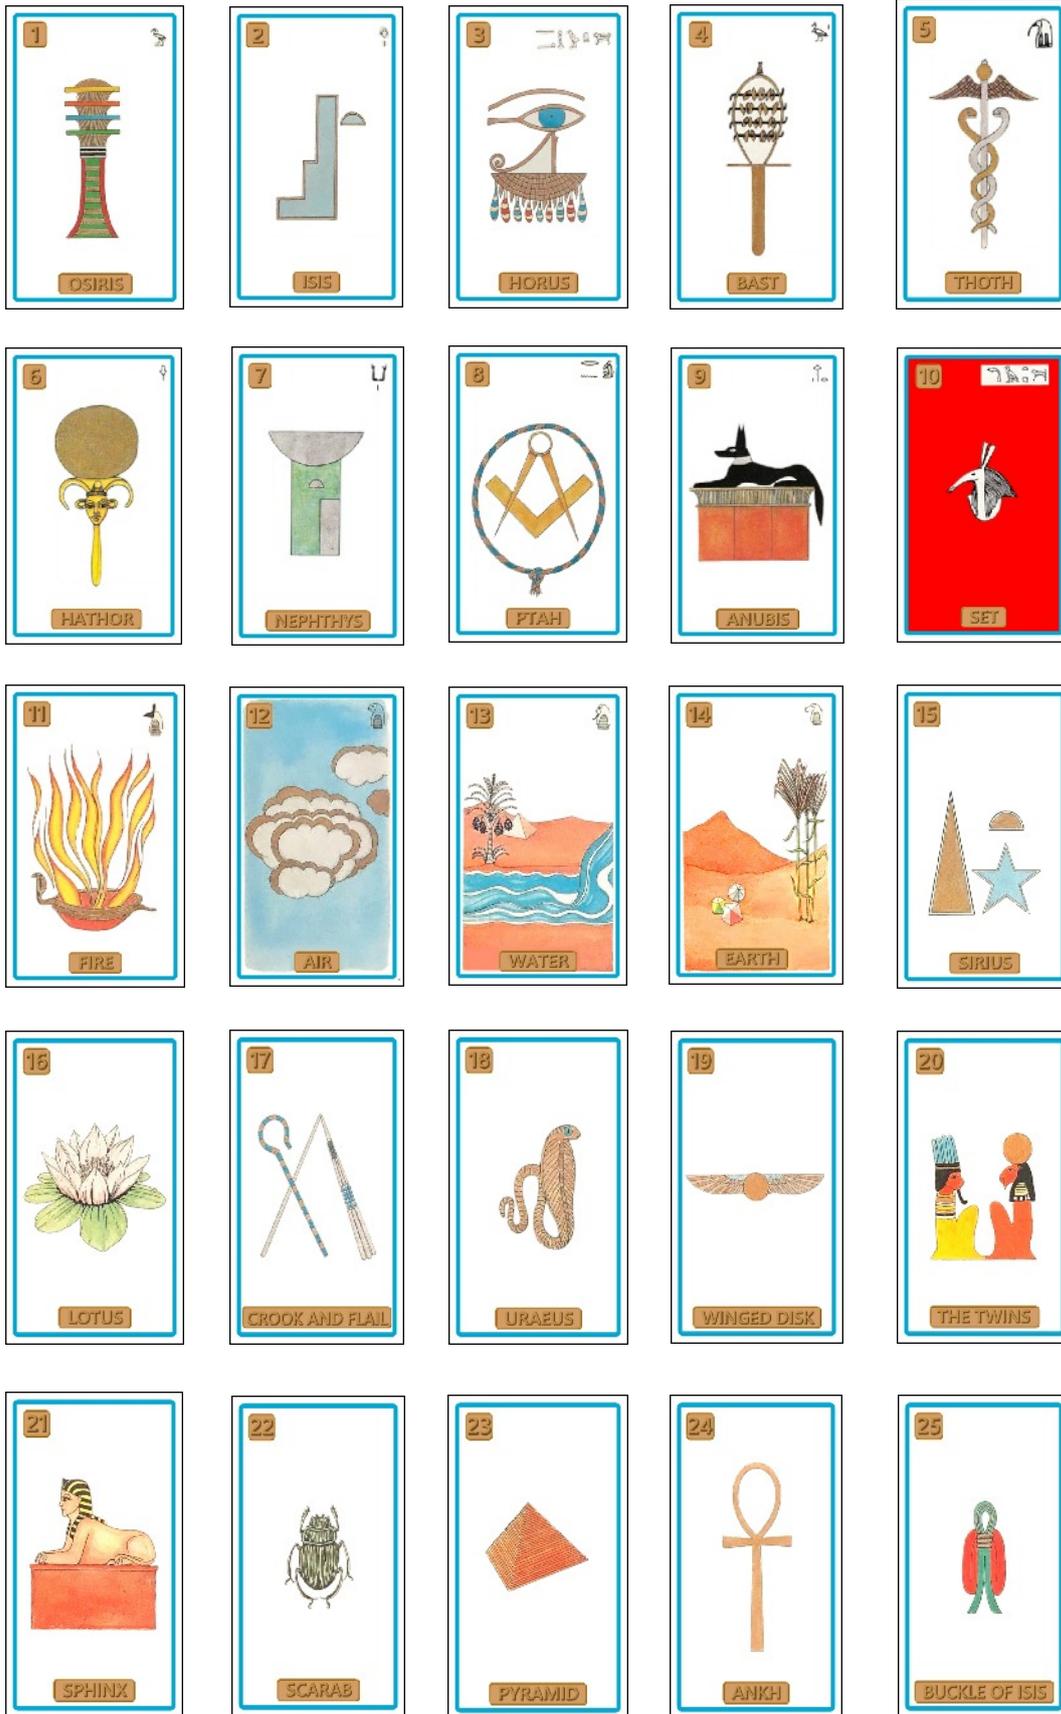

A genuine Talisman is the work an occultist who understands the subtle energies of the universe, and knows how to encapsulate them into an object picture, or collection of signs and symbols for the benefit of anyone whose needs may be in that direction.”

# PREPARATION

*Learning any metaphysical divination or conscious spirituality practice requires preparation, study and commitment. These play an integral part in developing an understanding of divination practises associate with spiritual interconnectedness to higher sources. From personal experience of divination practices over the past 35 years—I remain inspired by the thoughts of Pierre Te De Chardin, Silver Birch, Spiritual Light, USB Teachings and others who remind us: “We are first and foremost a spirit, having a human experience.”*

## Reflection on Practice

Creating a regular practice regime allows you to reflect, mediate, or intuitively contemplate the inner meaning of each single card. By familiarising yourself with both the spiritual images and reference meanings of Egyptian cartouche cards they will become like a good friend. The following suggestions below provide a pathway towards gaining greater levels of intuitive awareness and guidance.

## Seek Attunement and Guidance

Before consulting and using Egyptian Cartouche Cards, or for that matter any other divination tool, always seek guidance from your higher self, universal mind, great spirit, God (*however you conceive this to mean*). As ‘spirits’ we exist and evolve consciously and are always subject to the Universal Law of Cause and Effect.

## Mindfulness-Breathing

Before undertaking any divination practice avoid consuming alcohol or other brain stimulants as these impair levels of interconnectedness, especially when seeking higher levels of spiritual guidance. Simple mindfulness breathing techniques aid in stilling our over active brain activities, thereby preparing us for higher guidance, Effective breathing enables greater levels of intuition and receptivity to flow.

## Before Beginning a Practice

Before shuffling the deck of 25 cartouche cards formulate your *question, concern, problem, spiritual query or material need in your mind*. Be very clear, succinct, and focused before asking for guidance. Avoid framing questions that include phrases such as “but what if it was...” “or could it be...” Sometimes whilst shuffling a card[s] appear to simply *fall out*. Take a note of the actual card[s] as they may contribute to any divination template layout. Ultimately, applying any divination method remains *your* total responsibility—especially if you are using the cards on behalf of another person—for which you must always have their permission!

# Key Divination Themes

Divination means ‘after the things of nature or psychic and can be interpreted as the art and science of probability.’ This meaning can be applied to most forms of metaphysical interpretation including: Tarot, Runes, Playing Cards, and I’Ching.

The “Egyptian Cartouche Cards-A Beginners Manual” apply **three key divination themes** when responding to your questions, concerns, spiritual query, dream interpretation, or material query. When the deck of cards are shuffled and the **FACE[S]** turned over, they may appear either in an **UPRIGHT** or **REVERSED** position. *Different reference meanings apply to both. These three themes are Spiritual, Psychological and Material.*

## 1. Spiritual/Transpersonal/Super conscious

At this level the card[s] selected take into consideration thoughts, or concepts, concerning any religious, faith based, spirituality, past lives and more. As with every single question, problem posed, enquiry, meditative contemplation, or dream reflection—once the cards are shuffled and placed **FACE** down consider whether they’re in an **UPRIGHT**, or **REVERSED** position. *Different reference meanings apply to both.*

## 2. Psychological/Mental/Sub-Conscious

States of mind, ideas, attitudes, personalities of self [or someone being read for...] must take into consideration the interplay between the relationships of those involved with the original query. Once the card[s] are shuffled and placed **FACE** down consider whether they’re in an **UPRIGHT** or **REVERSED** position. *Different reference meanings apply to both.*

## 3. Material/Mundane/Conscious

Energies considered at this level are usually relating to everyday events, home, work, learning environment, other practicalities and ‘down-to-earth’ concerns. When the card[s] are shuffled and placed **FACE** down consider whether they’re in an **UPRIGHT** or **REVERSED** position. *Different reference meanings apply to both*

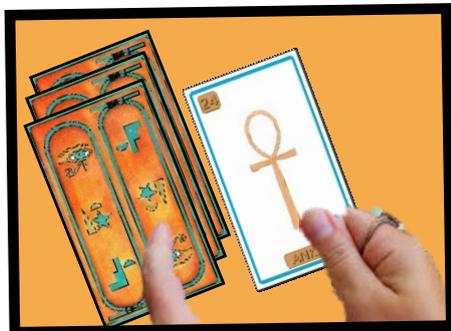

**AN EXAMPLE FOLLOWS...**

**[LINK TO CONTENTS PAGE](#)**

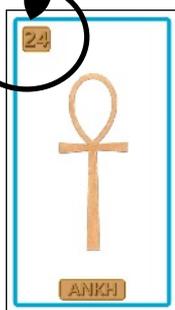

## An Example

After shuffling the complete deck of your cartouche cards, and following any selected divination template guide in this manual, place your card **FACE** down on the table then turn it over. When determining the reference meaning to your original query *always* apply your own reasoning ability, judgement, intuition, and common sense. Remember a selected card[s] have either an **UPRIGHT** or ***REVERSED*** reference meaning. *Always express your sincere gratitude to your 'spirit inspirers' for their help!*

# 1. EXPLANATORY NOTES

## Review

Always use your intuition, reasoning ability, and thinking processes when applying any format of metaphysical divination. In practice, when using the templates in this beginners manual the result must always be considered as a Universal Probability only. We “spirits” having a human experience, and always have free will to accept or reject any divination result. Before applying these template guides I strongly recommend reviewing prior preparation on pages 3 and 4 [here](#).

## Divination Templates

Following 35 years of intentional conscious spirituality divination practices, research, study and more I believe the following divination templates guide provide a beginner to explore their intuitive faculties. The following step-by-step guides to six divination templates are designed to encourage conscious spiritual development. Briefly, each template has a divination card format process that needs to be followed by an accompanied “Ask Your Question.”

## Card Divination Examples

For the purpose of keeping this complete working manual to a minimum I have offered two divination examples as follows-click links below:

[\(1\) Your Year, Month, Day, and Daily record](#)     [\(2\) Five Pointed Star Solution](#)

As you become more familiar with the Egyptian Cartouche Card-A Beginners Manual divination templates, reference meanings, associated contemplative practices why not consider developing your own divination template.

## 2. A SINGLE CARD

### DIVINATION TEMPLATE GUIDE

#### STEP ONE: THE QUERY

Take a few deep breaths and create an inner feeling of peace before formulating your query. Next, pick up the deck of 25 cards, and while holding them in your hand, clearly and concisely think of your *question, concern, problem, spiritual knowledge query, a dream interpretation or an everyday material thought*. Hold this thought in your mind for at least two minutes before shuffling the cards, don't let your thoughts 'wander astray.'

#### STEP TWO: SELECTING THE CARD

Shuffle the 25 cards for one-two minutes making sure you can only see the **BACKS** of them—*avoid* looking at card **FACES**. Next, place the whole deck of cards on to a flat surface, **FACES** down (with only the backs showing). Place your left or right hand over the whole deck and from anywhere in the pack select a single card. Now, turn that card over to reveal its **FACE**. Next, is the card selected in an **UPRIGHT**, or **REVERSED** position? *Both have very different reference meanings.*

#### STEP THREE: IS THIS A MAJOR OR MINOR CARD?

Next, on the card **FACE**, there is a number in the top left-hand corner. If the number is between **#1 and #10**, it corresponds with a Major Arcanum, go directly to **pages 6 - 11 [here](#)**. Conversely, if the number in the top left-hand corner is between **#11 and #25**, these are Minor cards, go directly to **pages 12 - 19 [here](#)**.

#### STEP FOUR: WHAT IS THE REFERENCE MEANING OF THIS CARD?

This final step is determined by which Major or *Minor* card **reference meanings** from the above pages you are intuitively drawn to, and how this corresponds with your *question, concern, problem, spiritual knowledge query, a dream interpretation or an everyday material thought*. Free will always applies to your reasoning, intuitive thoughts or feelings.

One important thing to remember is whether the selected card was in an **UPRIGHT** or **REVERSED**, position, both have very different meanings. As a matter of divination practice, I always record my initial query, chosen card [...or cards] date, reference card meaning selected, and any additional intuitive thoughts in a journal.

### STEP TWO: ANY CALENDAR: MONTH, DAY, and CARD MOST SELECTED

Next, as the template indicates for the current **DAY** [here](#) an example being, JANUARY 1<sup>st</sup> 2020 fell on a Wednesday and January 2<sup>nd</sup> a Thursday...so on. You can begin recording your selection 'anywhere' in the **DAILY** column—it's the actual day that matters, not the week. [Optional] By marking the template card **FACES** on your record sheet you can determine the **MOST SELECTED**  card for the month. **All cards** have either an **UPRIGHT** or **REVERSED** position. *You will require a new record template sheet (print size-A4 210 x 297)at the beginning of each calendar month.*

### STEP THREE: IS THIS A MAJOR OR MINOR CARD

Next, on the card **FACE**, there is a number in the top left-hand corner. If the number is between **#1** and **#10**, it corresponds with a Major Arcanum, go directly to **pages 6 - 11** [here](#). Conversely, if the number in the top left-hand corner is between **#11** and **#25**, these are Minor cards, go directly to **pages 12 - 19** [here](#).

### STEP FOUR: WHAT IS THE REFERENCE MEANING OF THIS CARD?

Free will always apply to your reasoning, intuitive thoughts or feelings associated with the chosen card[s] especially when determining what particular manual reference meaning resonates for you right now. This applies to *all YEARLY, MONTHLY, and DAILY selections.*

## APPENDIX 1 Cartouche, Runes

In compiling and producing this *Egyptian Cartouche Card- A Beginners Manual* my deepest gratitude acknowledges, both original primary and secondary literary sources, combined with assistance from seen, and *unseen* guidance. This document was developed as a free ‘*service to community*’ project as a way of a contribution to inspired seekers of truth, conscious spirituality probers and interested others. May we never cease to benefit and contribute from our collective and explorative spirit journeys towards making this planet a better place for all.

We shall not cease from exploration,  
At the end of all our exploring,  
Will be to arrive where we started,  
And to know the place for the first time.  
—TS Eliot

### CONSCIOUS SPIRITUALITY COMPENDIUMS 2020:

Since a precognitive dream in 1973 manifesting fully in 1974 the journey has been one of exploring conscious spirituality subjects through study, group facilitation, transitions, consultation activities and more. The primary purpose of this compendium project is to provide a series of *free explorative resources* encouraging seekers of truth, deep probers and others to fully explore conscious spirituality topics. Each document usually consists of between 3-7 pages available in PDF format, Many will be available on my website [philipcrouch.org](http://philipcrouch.org) in late 2020. In context each document contains a specific topic introduction, acknowledged resources, suggested online links to websites, reference articles and other conscious spirituality associated literature.

The above is part of my *free* “service to community projects.” This particular journey commenced in 2012, and currently includes maintaining a website presence, extensive personal research, further studies, self publication of distributed booklets, a quarterly publication [currently dormant], and facilitated meditation-discussion groups. Indirectly, these compendiums will be accompanied by two narrative playlets [8 minutes-2 players] reflecting conscious spirituality related dialogue. Spiritually our consciousness ‘the sum of us’ is always changing thereby enriching our own “spirit” journey on this planet.

## APPENDIX 3. BIO-Philip

My name is Philip Franz Crouch, born in Austria, 1947, since then have lived in three countries and 31 years ago became married to my third wife, Jacqui. This beginners divination manual is part of a free “service to community” project. Intentionally, this conscious spiritually journey ‘in search of Truth’ was inspired, from a precognitive dream in 1973—fully manifesting within one year. Since this epiphany, like many others ‘in search of Truth,’ the continuous exploration has included: spiritualism, psychic studies-consultations, dreams, numerology, tarot, consciously aging, theatre performance/writing, social sciences, the afterlife, group work, beyond UFO’s.

Since 1986, the ‘Egyptian Cartouche Cards’ have been an integral part of a worthwhile daily practice, and if in any way this inspires further conscious spirituality exploration then I’ll be eternally grateful. Inspirationally, since 2012 three key focus areas have been inspirational:

- (1) *The Universal Spiritual Brother&Sisterhood, USB-Spiritual Light teachings.*
- (2) *‘Beyond UFO’s’ scientifically, the advent of non-human intelligence, NHI contact(s).*
- (3) *Creatively, community theatre, performing, directing and writing.*

In 2019-20 three Conscious Spirituality Compendiums comprising above-related topics have been developed along with an “Egyptian Cartouche-A Beginners Manual.” Two short theatrical narratives [2 hander, 8 minutes] to follow 2020-21. Health wise maintaining balance of mind-body-spirit involves, creatively amateur theatre activity, volunteering, regular mindfulness meditation, tai chi, ocean swimming, walking, and... generally keeping away from junk food!

In Light, Love and Universal Peace

*Philip*
